

## **Statement regarding ISI Progress Monitoring Visit 2021**

We have received the Advice Note from the Independent Schools' Inspectorate following their Progress Monitoring visit to the School in late November. As you will see, the ISI found all those areas of the School that they had come to review compliant. The School has now been placed back on the normal round of inspections.

I am delighted that this is the case and look forward to the School continuing to go from strength to strength.

I am grateful to the Headmaster and all his team for their hard work in preparing for this inspection and for all they do.

With all best wishes,

The Revd. Canon Richard Peers  
Sub Dean, Christ Church
