

Computing Journey: Year 2

Word Processing

Typing and editing work. Importing images and preparing a document for printing and display

Networking and the Internet

How are computers connected together, in school and in the outside world? Internet safety with Jessie and Friends

Non-Linear Stories

Drawing on our experience of branching databases: branching stories, where the reader can make choices and follow different paths, using Downpour on the iPads

Programming 1

Introducing Scratch, including making a simple animation

Branching Databases

Classifying information by creating subdivisions; searching and labelling

Stop Motion Animation

Creating fun cartoons by joining photos together and adding sound
